

Dear Reader

Welcome to Medway medical Pty Ltd!

Medway Medical Pty Ltd was established in 1990 to supply and service a market that was in dire need for quality medical equipment and supplies. Since our exciting start, we grew to become one of the leading equipment suppliers in the medical industry.

We always strive to supply the best quality brands that are well known and trusted by our customers, but also believe to be at the forefront of new medical technology to bring the best possible products to our customers.

Medway Medical Pty Ltd is well known for excellent customer service. Our team is extremely friendly, helpful and customer orientated. We ultimately pride ourselves on our service due to years of experience and knowledge; we promise our customers the best assistance and advice.

We are considered as a preferred "One-Stop-Medical-Shop" to customers in the corporate, industrial, mining, training college, hospital, general practitioner and occupational health industries.

At Medway Medical Pty Ltd, no customer is too far, or too small; we therefore have trusted courier services at hand to render our services nationally. We also offer our Board of Healthcare Funders practice number for customers that want the convenience of claiming medical expenses from their medical aid.

We invite all existing and new customers to put our products and services to the test, since we are always striving to be the best!
